Cloche des matines Morning Bells, Op.109, No.9

6

'Composed in 1858, and around two minutes in length, this is a delightful evocation of the insistent chiming of morning bells. There is much to challenge a Grade 6 pianist: balancing the interweaving melodic lines with the accompaniment, left hand crossing over the right to represent the bell and very specific dynamic shaping and articulation. There is also a range of sonorities and a short passage of bustling semiquavers, which require an efficient legato and staccato touch. A charming, colourful and rewarding Romantic miniature.' Paul Dyson, North Yorkshire
